KICKER AUDIO SYSTEM UPGRADES

A KICKER Audio System Upgrade delivers the thrill and musical accuracy of a live-concert experience minus the crowds, putting high-performance audio specifically made for your vehicle right there in your front seat.

It includes big-bass subwoofers in a small space, high-efficiency, low power-draw amplifiers, a unique sound signature from multi-channel amps with DSP, and all in factory mounting locations with no modifications.

BENEFITS

- The Audio System Upgrade has a minimum impact on the vehicle's charging system.
- Discreet placement gives it an original factory look.
- The complete kit "kicks out" 400 watts of power.
- The 200-watt powered subwoofer has a quick-connect wire harness to easily secure or remove the unit.
- No cutting required, it's mounted directly to factory locations.
- Computer-optimized, the 32-bit digital signal processing chip is tuned specifically for each vehicle.
- Comes with a 3-year warranty (parts and labor) when installed by an authorized dealer.
